

**LIST OF MEPs WHO SIGNED A MOTION FOR RESTARTING
THE LEGISLATIVE PROCESS ON THE SOFTWARE PATENT DIRECTIVE**

- by country (within country: by size of political group, then by last name) -

The motion for restarting the process on the software patent directive has been signed by 61 MEPs from 13 different countries. Regrettably, due to time and logistical constraints it was not possible to contact a large number of MEPs about the possibility to sign during the short period in which the signatures were collected, and some expressed an interest but were not physically in reach at the respective time. Therefore, no conclusion whatsoever can be drawn from the fact that any particular MEP is not listed among the signatories.
